

JUNIOR FACULTY CONSORTIUM

2022 INDIAN ACADEMY OF MANAGEMENT MEETINGS

CALL FOR NOMINATIONS

We invite nominations to participate in the online Junior Faculty Consortium at the 7th Biennial Meetings of the Indian Academy of Management. This workshop will feature panel discussions on topics of interest to junior faculty as well as small group research discussions led by senior scholars in the field. The discussion topics include conducting high-impact research, effective teaching strategies and preparing for the “teacher” role, and the challenges and rewards of an academic life, in the Indian context. There will also be ample opportunities to connect with peers as well as senior scholars in various settings.

How to Apply

This consortium is targeted at junior faculty in Indian institutions – recent PhDs (and less than four years in faculty role). To participate, the applicant must be (a) registered to attend the 7th Biennial INDAM Conference at IIM Rohtak, and (b) must have earned the doctoral degree within the last four years. The consortium will have limited enrollment to ensure that senior faculty and participants have ample time to interact in both structured and unstructured venues, as well as to spend time working intensively on their research ideas with senior faculty and others. Space is limited and filled on first-come, first-served basis.

To participate in the online Junior Faculty Consortium, please send the following information by email to the workshop organizer by **December 10, 2021.**

- (a) Name and address (with current mail and e-mail addresses, and telephone numbers)
- (b) Current research interests
- (c) A 5-6 page (double spaced) summary of a working paper or project in progress that will be forwarded to relevant senior faculty who have agreed to participate as mentors as well as to other participants who share similar interests. This summary is important because it will be used to identify discussion groups for workshop sessions.
- (d) A current curriculum vitae

Please send the above information by email to the co-organizers, Sushanta Kumar Mishra (sushantam@iimb.ac.in) and Ajith Thomas (ajithkthomas@hotmail.com) by **December 10, 2021.** Acceptance decisions will be conveyed within two weeks after receiving the application packet.

The Consortium will be held on January 6th from 9:00 AM until 1:00 PM. Detailed agenda and other material will be sent to consortium participants at least two weeks prior to the meeting.

Please write to INDAM (info@indam.in) for any queries.
